WILMINGTON

WILMINGTON, The Sunshine City, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. Ocean breezes and nearness of Gulf Stream gives Wilmington a delightful yearround climate. It is an ideal place to live; no extremes of heat or cold. The average summer temperature is 78 degrees, and the average winter temperature is 48 degrees.

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters, and several of the oldest churches in America.

Wilmington is North Carolina's major seaport city and the gateway of the state's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylvania, and almost as large as New England.

GARDENS—Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Lake Gardens.

CHURCHES—Wilmington is a city of churches of all denominations, with more than 21,000 people possessing membership in some church.

SCHOOLS—The public school system of Wilmington is modern, efficient and ranks well with other schools in the state.

HOSPITALS—There are four hospitals in Wilmington. The COMMUNITY HOSPITAL has 105 beds and serves the major part of Wilmington's Negro population.

Come to WILMINGTON the YEAR-ROUND PLAY GROUND OF NORTH CAROLINA and enjoy some real Southern hospitality.

OLD NORTH STATE MEDICAL, DENTAL AND PHARMACEUTICAL SOCIETY, INC.

is a member of the

NATIONAL MEDICAL ASSOCIATION

and

NATIONAL HOSPITAL ASSOCIATION

Dental Section withdrew from the Society as of the Charlotte meeting, June 1947.

PRESIDENT'S MESSAGE

"Our Organization"—yours and mine. Let's make it live and grow. It will live as we live; it will grow as we grow.

Annually around this time, our State Academy of Medicine opens wide its doors and stretches open its arms to receive the progressive and forward looking professionals of our group. We, through our toil and sweat, have made this opportunity possible. We boast and brag about this grand old society that had its birth in the minds of Black Men of Medicine, and that has been cradled and nurtured and made to grow to this ripe old age through the efforts of those who follow. We now know it to be an open door of up to the minute advances in medicine, where we can sit at the feet of masters, and pick up crumbs of scientific knowledge, yet availing ourselves of the opportunity to engage in the gayety and lightness of life, that come from the elbow touch of mingling with our peers.

Let's continue to watch o'er this grand old hody. Older men, don't forget us—renew your covenant; middle-aged men stay in the game—keep pitching; young men, remember that the keys of this organization, through the circumstances of years, are rapidly being passed to you—come on and participate to the fullest on equal rank with any senior. Yes, "OUR ORGANIZATION," yours and mine.

-S. F. Hogans, M.D., President.
